

## Job Posting

# Apprenticeship: IT Systems Management Specialist (m/f/d)

Location: Grünwald / Hybrid Start date:

September 1, 2026

Training duration: 3 years (shortened duration possible)

### Who We Are

SAVECALL telecommunications consulting GmbH is a trusted advisor for IT and telecommunications. We help companies make their infrastructure more modern, efficient, and cost-effective.

At our company, technical solutions meet business acumen. We work in a practical, solution-oriented manner with a clear focus on real results. Modern technologies, digital processes, and automation are part of our daily routine, as are an open-minded team and short decision-making paths.

If you're looking for an apprenticeship where you don't just watch but actively participate and take on responsibility, you've come to the right place.

### What to expect from us

In the IT Systems Management Business Associate training program, you'll learn how IT solutions are planned, proposed, implemented, and supported over the long term.

You'll combine business acumen with technical expertise and gain insights into real-world client projects. In doing so, you'll work closely with internal departments, partners, and clients, gaining a comprehensive understanding of how modern IT and telecommunications function in a corporate environment.

### Your responsibilities

- ▶ Assisting with the planning and support of IT systems
- ▶ Supporting the preparation of proposals, contracts, and cost estimates
- ▶ Analysis of customer and business requirements
- ▶ Collaborating on IT and digitalization projects
- ▶ Communicating with customers, service providers, and internal teams
- ▶ Gaining familiarity with IT services, software solutions, and digital processes

## Your Profile

- Vocational diploma or general high school diploma
- Interest in IT, technology, and digital topics
- Basic understanding of economic relationships
- Meticulous and reliable work ethic
- Communication skills and ability to work in a team
- Willingness to learn and motivation

You don't have to be an IT expert. What matters more are curiosity, initiative, and the desire to grow.

## We offer

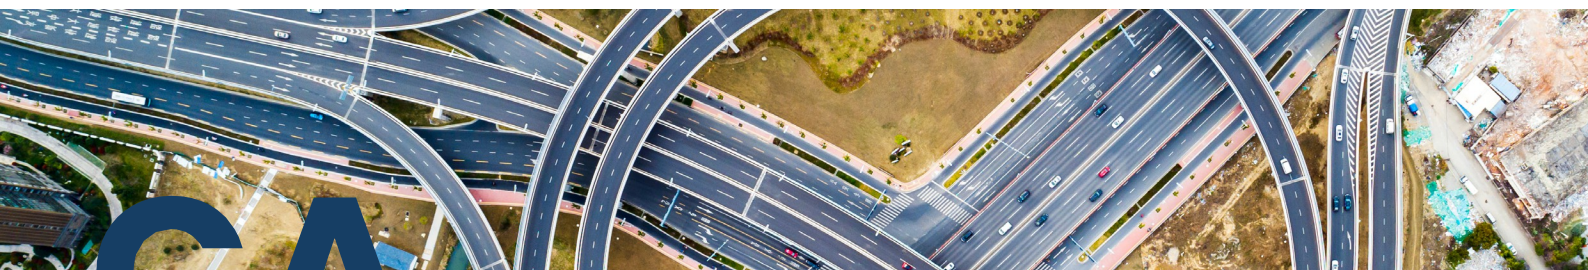

- A structured, hands-on training program with real-world insights into projects
- Modern tools and direct involvement in day-to-day operations
- Personal support from dedicated contacts and a supportive team
- The opportunity to work in a modern environment at Bavaria Film Studios with an excellent cafeteria
- Wellpass Membership for Fitness, Health, and Well-being
- Always fresh fruit and a pleasant, supportive work environment
- Regular company events, team events, and group activities
- Short decision-making processes and open communication
- Good prospects for continued employment after training
- Opportunities for development and continuing education even after your training

## Have we piqued your interest?

Then we look forward to receiving your application, including:

- Cover letter
- A brief resume
